PROFESSIONAL SUMMARY

Computer Science undergraduate with strong foundations in Java, C, SQL, Machine Learning, and Web Development. Experienced in developing machine learning-based solutions for forest fire detection and crop monitoring. Passionate about software development, problem-solving, and applying technical knowledge to real-world challenges.

TECHNICAL SKILLS

Programming Languages: Java, C

Web Technologies: HTML5, CSS3

Database: MySQL

Tools & Platforms: GitHub, VS Code, Oracle Cloud Infrastructure (OCI)

Core Concepts: OOP, Data Structures, Algorithms, DBMS, Machine Learning, Problem Solving

Soft Skills: Teamwork, Adaptability, Time Management, Communication, Leadership

EDUCATION

Bachelor of Engineering (2022–2026) – Saveetha School of Engineering | CGPA: 8.57

Board of Intermediate Education (2020–2022) – Sri Chaitanya Junior College | 94.1%

Secondary School Certificate (2020) – Ravindra Bharathi School | 97%

PROJECTS

Forest Fire Detection Using Satellite Imagery and Machine Learning

- Developed a machine learning-based system to detect forest fires using satellite imagery.
- Analyzed heat signatures, smoke patterns, and vegetation changes for early fire detection.

Underground Crop Monitoring and Yield Prediction Using Machine Learning

- Built a machine learning model to analyze soil conditions such as moisture, nutrients, and temperature.
- Generated insights to optimize irrigation and fertilizer usage.

CERTIFICATIONS

- Oracle Cloud Infrastructure 2024 Certified AI Foundations – Oracle
- Oracle AI Vector Search Certified Professional 2025 – Oracle Corporation
- Data Structures in C – Great Learning
- NPTEL Certification – Introduction to Internet of Things (IoT)

ACHIEVEMENTS

Excellence in Research Award – 2025, awarded by Tamil Thaa Foundation.

TRAINING & PROFESSIONAL DEVELOPMENT

Completed industry-focused training in Artificial Intelligence, Machine Learning, and Cloud Technologies through Oracle certification programs.

LANGUAGES

English, Telugu, Hindi

INTERESTS

Cricket, Reading Books, Technology Exploration, Learning Emerging Technologies
